

REMARKS

Applicants thank Examiner Song for returning the telephone call on March 4, 2010, and explaining to applicants' representative that all applicants have to do to overcome the outstanding double patenting rejection is to file a new terminal disclaimer against U.S. Patent No. 7,252,712. Accordingly, applicants submit a terminal disclaimer with this Response to overcome the double patenting rejection. Since the double patenting rejection is the only rejection in the pending Action, the submission of the new terminal disclaimer puts this application in condition for allowance.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952, referencing Docket No. 204552035400.

Respectfully submitted,

Dated: March 11, 2010
